	<p>Every year in Australia, between 100,000 - 150,000 women experience the heartbreak of losing a baby during pregnancy. This is not just a number. Every statistic has a face, a name, a story. Pink Elephants are committed to making these stories heard and are pushing for more early-intervention support for every person who loses their baby.</p> <p>Sign the petition calling on the Government to provide \$1.6 million over 4 years to help bridge the gap and support the 100,000+ women who experience early pregnancy loss every year.</p> <p>#TheMiscarriageRebellion #PinkElephants #AtLeast #LeaveforLoss #CountOurBabies #SupportMyLoss #pregnancyloss #miscarriage</p>
	<p>Every year, more than 100,000 women in Australia experience the heartbreak of losing a baby during pregnancy.</p> <p>Pink Elephants is the only national support service specific to pregnancy loss prior to 20 weeks.</p> <p>They need immediate financial support from the government to meet the increasing demand for their services. This funding will enable them to provide more personalised support, reducing the incidence of poor mental health outcomes resulting from the lack of validation and early-intervention emotional support following early pregnancy loss.</p>

	<p>This "common" issue has been silenced for too long. Early pregnancy loss is not just a private grief, but a national issue that requires collective empathy, awareness, and action.</p> <p>Pink Elephants can only support 20% of women who apply for their Bereavement Support, due to limited funding. Sign the petition calling on the Government to provide \$1.6million over 4 years to help bridge the gap and support the 100,000+ women who experience early pregnancy loss every year.</p> <p>#TheMiscarriageRebellion #PinkElephants #AtLeast #LeaveforLoss #CountOurBabies #SupportMyLoss #pregnancyloss #miscarriage</p>
